

How To Get Started With e-Lottery

Congratulations on discovering eLottery. You now have 2 options. You can either:

1) Introduce new players as a (free) eLottery affiliate and earn 20% commission **every week** that your new players play the lottery.

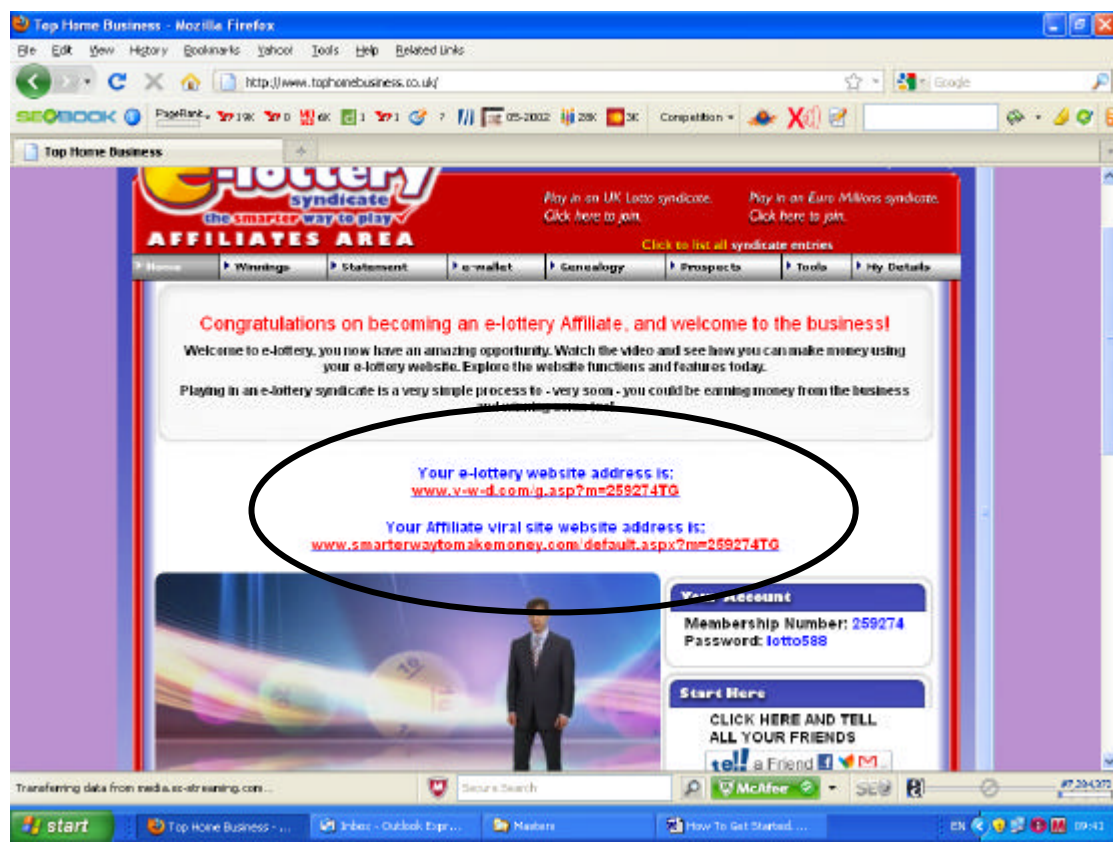

And/or

2) Play in any of 3 syndicates yourself (UK lottery, Euro Millions or Spanish Lottery Super Draw) to boost your chances of a big win.

1 - Join as an eLottery agent

There is no cost to join as an eLottery agent. It is completely free and you can start right away from anywhere in the world. Simply promote your unique, state-of-the-art website (allocated to you when you join) and start to earn commissions.

To join now for free [CLICK HERE](#) and fill in your details. You will then be directed to the following page containing the full affiliate video and your very own eLottery website addresses. **Make a note of these because they are important....**

On the screen (above) you will see 2 website addresses unique only to you. The top one is used for sending people to your lottery players website where they can join a syndicate and earn you commission **every week that they play**.

The bottom address is the one you use to send people to, if you think they would like to become an agent. All new agents joining from your website will be eligible to earn commission for themselves and also for **you**.

The top website address, (for lottery players) will look just like mine but with **your name** at the top. I have chosen to put 'Peter Moore Associates' at the top of [my website](#) as seen here.....

The bottom website address will lead to your business opportunity website to which you send prospective new agents (or affiliates). Again, my name appears at the top of the website and my sponsor number (19201PM) is pre-filled on the application form. just as yours will be.

Introducing new syndicate players is how you earn commission. To get new players, you must direct people to your own unique e-Lottery website.

This can be done by word of mouth, by giving out business cards, by placing ads on websites, by showing people how to play on your Social Network websites like FaceBook, Twitter, MySpace etc In fact any way that you can think of to get people to visit your website is worth doing.

However, I would recommend using only free (or virtually free) methods of promotion when you start. Only use paid advertising when you can afford to take the cost of this from your commission.

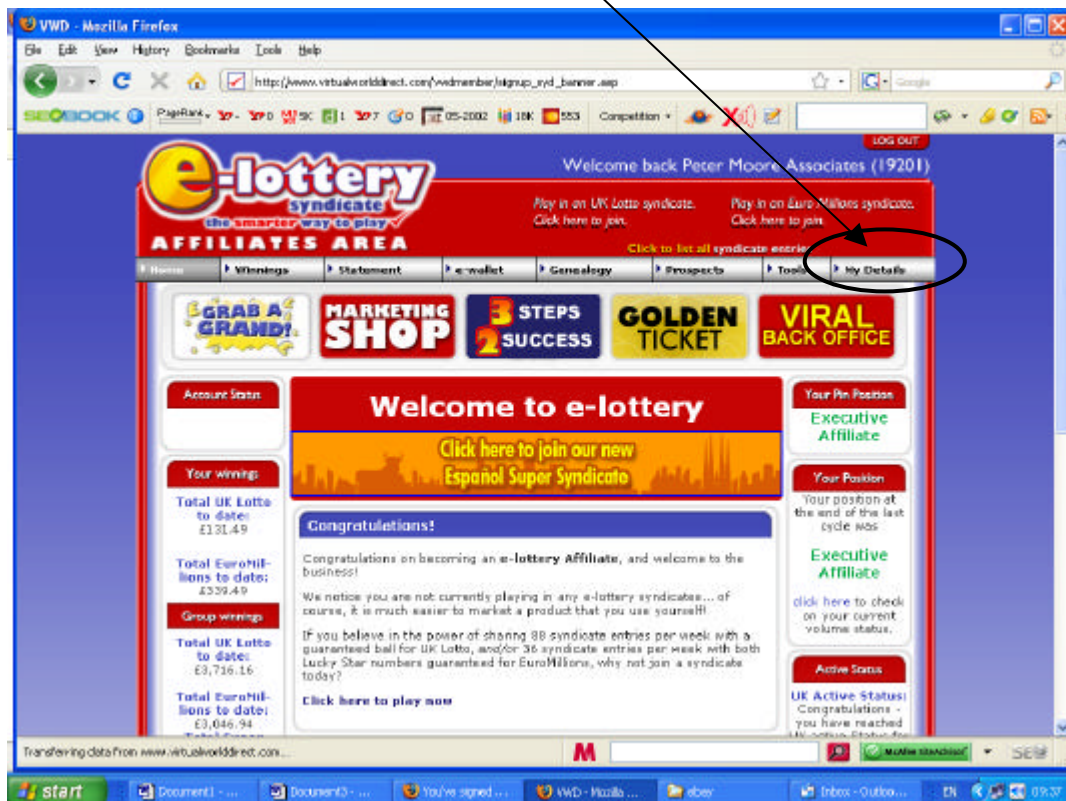

So how do you put your name at the top of **your** website?

First go to your eLottery website and log in, using the name and password you chose when you joined - see the screen shot below:

Log in here.....

Once you have logged in, click on the 'My Details' tab.

You will then come to the screen below and whatever you type in to the 'Company Name' box will appear before the words 'Welcomes You' on your website. Be sure to **save** the change after you have made it.

FREE entry to win £1,000

As a tempter to get people to have a look at e-Lottery, you can offer them a website where they can get a **FREE** entry to try and win £1000. Here's how to find your own unique website address. First log in to your website and click on 'Tools'.

Now click on the 'Grab-A-Grand' icon.

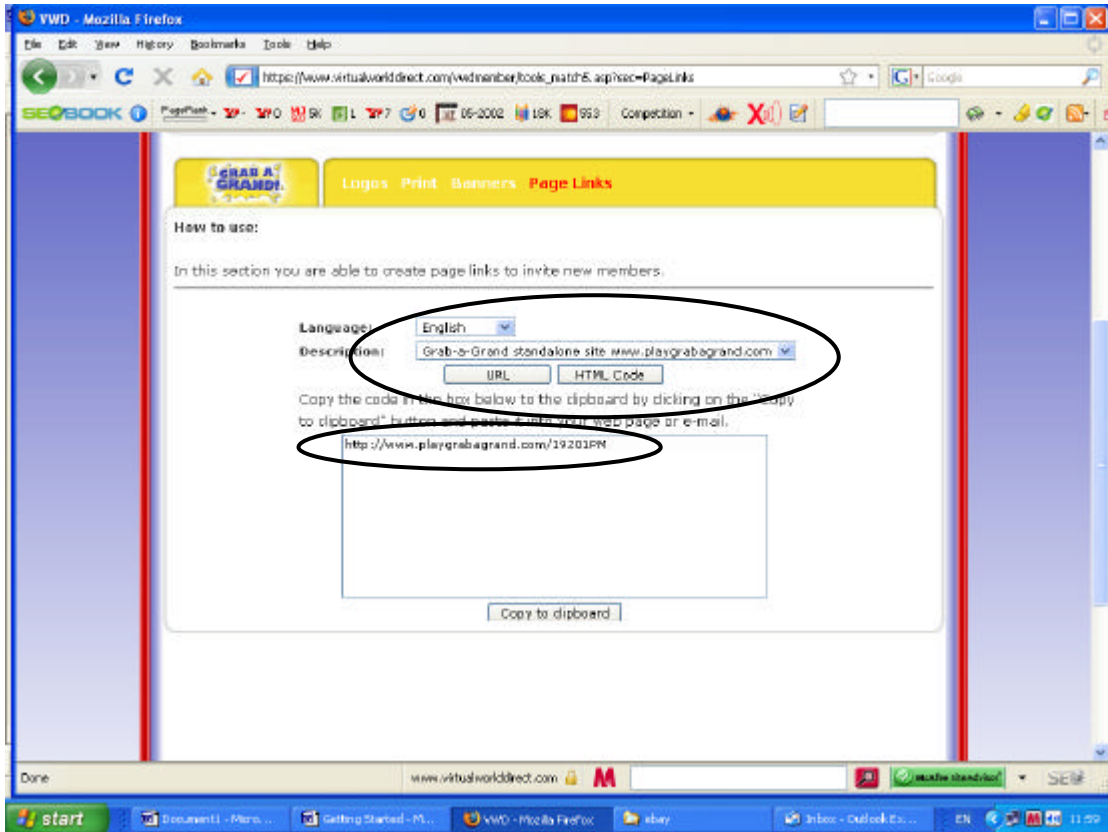

Then click on the 'Page Links' tab.

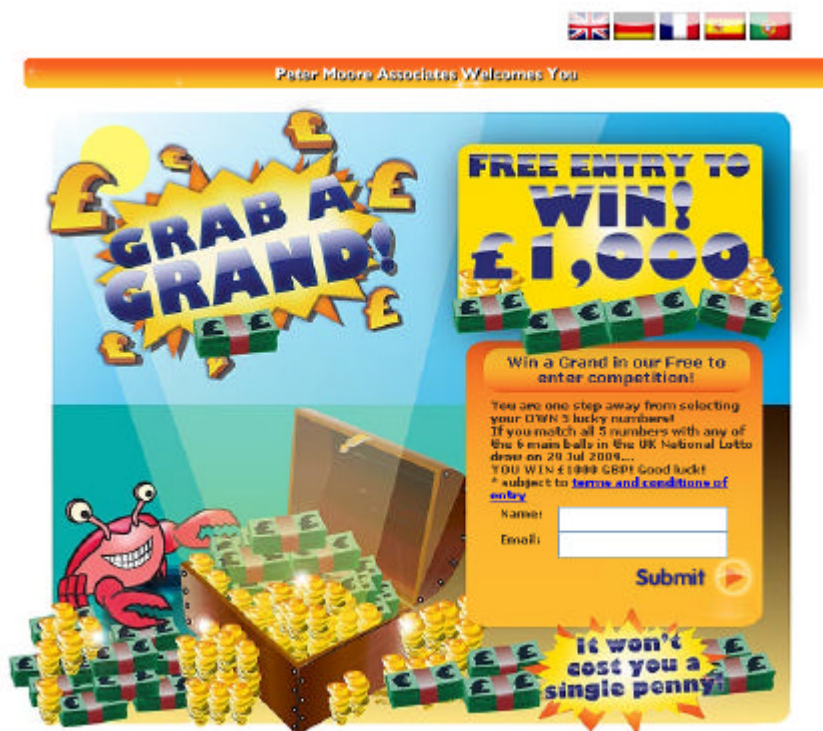

Now select your language and the Grab-A-Grand Standalone' option' and click on 'URL'. The website address that appears below will direct people to your Grab-a-Grand website and will also enter them in to an autoresponder which will automatically keep them up to date with e-Lottery news and offer them the chance to join a syndicate from each email sent.

The e-Lottery program is spam compliant and email recipients can unsubscribe at any time from a link at the bottom of any email.

Here is what your standalone Grab-A-Grand website will look like:

To get started right away, why not recommend this **FREE international opportunity** to all your friends and family by giving them your new website address.

For more promotional ideas, why not listen in to the training sessions held at 7.30pm (UK time) on Mondays at www.hometrainingroom.co.uk

This is a starter guide for those people looking at e-Lottery for the first time. If you need more information, please contact me.

Also please pass this guide on to the people that you introduce yourself, so that they too may benefit from it.

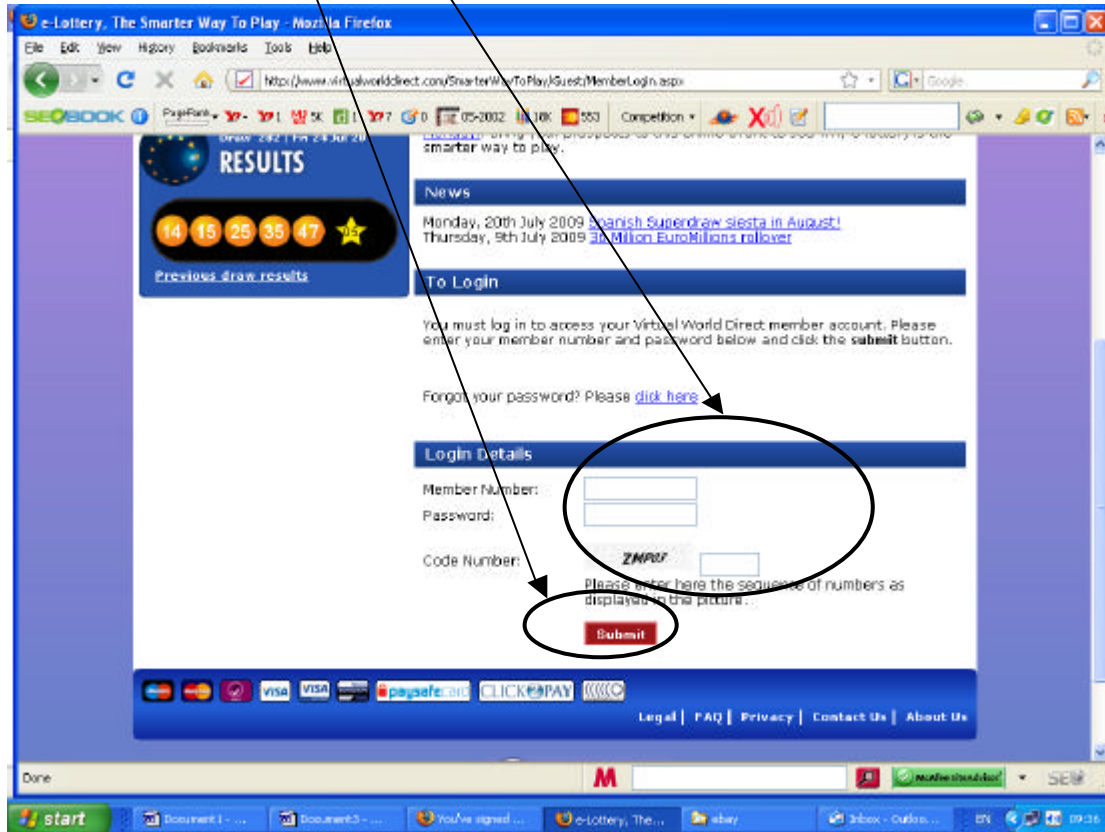

2) How to play in a syndicate yourself.

First **log in** to your website.

See next page.....

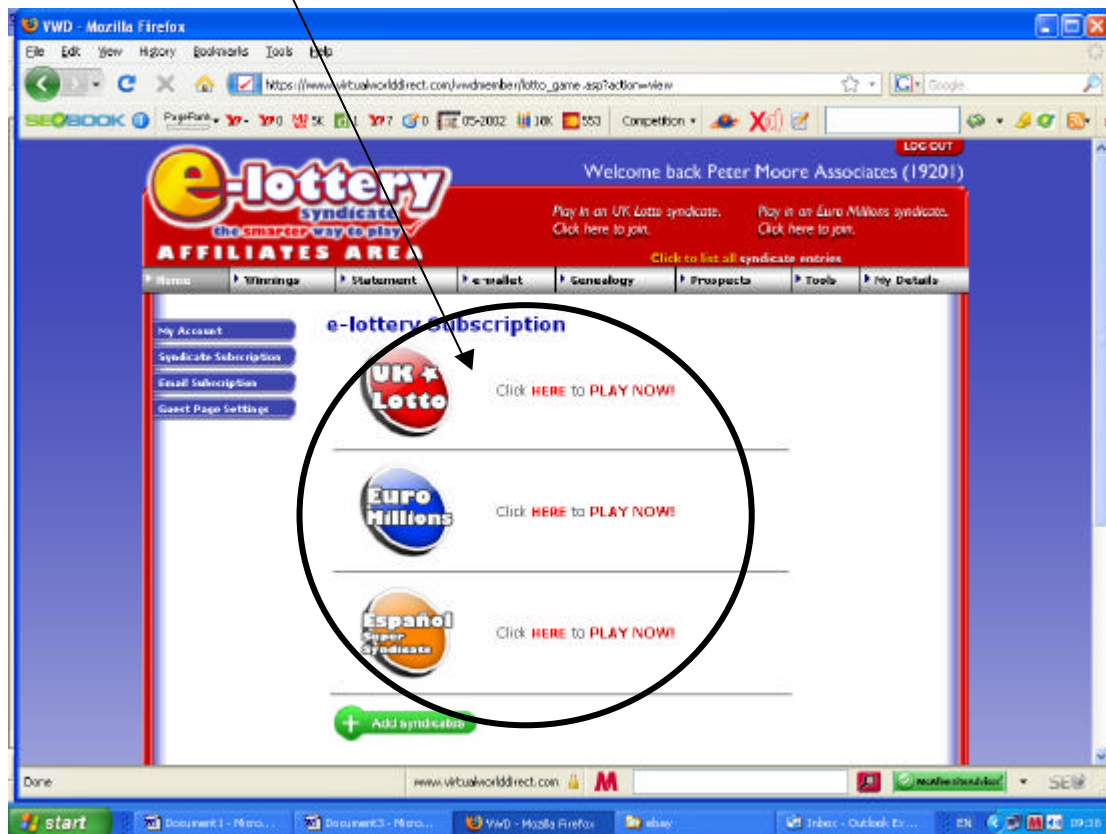

Enter your membership number and your password. Then enter the security code that you see in the box on the right. Then click on 'Submit'.

Now click on the 'Join A Syndicate' banner

Then click on the syndicate you want to join

Always remember that the idea of playing in an eLottery syndicate is to boost your chances of a big win.

By playing in an eLottery, syndicate, you get 44 entries on Wednesday and 44 entries on Saturday for just £5 per week, with at least one matching number **guaranteed** in every UK National Lotto draw.

You get **36** entries for £5 per week with **both** Lucky Star numbers **guaranteed**. Plus, you get to share **36** Millionaire Raffle tickets in **every** Euro Millions lottery draw.

Plus, you are **guaranteed to win a cash prize** in every Spanish lottery Superdraw that you enter.

And don't forget – all syndicate members now have an eLottery **Golden Ticket** allocated to them for every draw that they enter. These Golden Tickets are then entered into a draw every month for some quality prizes like iPods, DVD players, digital cameras etc.

But the icing on the cake is when all Golden Tickets accumulated over the year by syndicate members are entered into an annual draw when some **lucky syndicate member** will win a brand new motor car.

These are the advantages of playing the eLottery way!
